## WORK EXPERIENCE

### Frameworks Portugal

**March 2010 — March 2012**

Project Manager / Translator

Two years of specialized work in the corporate environment of an international translation agency, during which I've managed highly complex multilanguage projects, I've successfully performed highly important administrative and executive duties, worked as a spanish, english and portuguese translator, managed internships and the general planning and scheduling of the company. Due to my extensive IT skills, I managed the computers and server systems, being also the main desktop publisher and web manager.
